AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

Claims 1-48 (Canceled)

Claim 49 (New)   A method for describing image data, comprising: alloting motion intensity to each frame constituting the image data; and expressing the image data by the ratio of the number of all frames constituting the image data to the number of frames having the allotted motion intensity.

Claim 50 (New)   A computer readable medium having program codes to be executed by the computer to implement a method for describing image data, comprising: allotting motion intensity to each frame constituting the image data; and expressing the image data by the ratio of the number of all frames constituting the image data to the number of frames having the allotted motion intensity.

Claim 51 (New)   An apparatus for describing image data, comprising: allotting means for allotting motion intensity to each frame constituting the image data; and expressing means for expressing the image data by the ratio of the number of all frames constituting the image data to the number of frames having the allotted motion intensity.
